Summary

Accomplished iOS Developer and Product Lead with 10 years of experience delivering high-impact mobile applications using Swift, SwiftUI, and Flutter. Proven track record in leading cross-functional teams and driving the full product lifecycle—from concept to launch—while maintaining a strong focus on user experience, performance, and scalability. With a passion for building reusable components, clean architecture, and efficient team workflows.

Experience

Tata Consultancy Services

Gandhinagar, Gujarat, India

Senior iOS Developer | Product Lead

Apr 2023 - Present

Lead the development and deployment of iOS applications, ensuring high performance and user engagement.

Spearhead **product strategy, user experience optimisation, and team coordination** in a remote setting.

Implement **best coding practices, code reviews, and CI/CD workflows** to enhance development efficiency.

Collaborate with global teams and stakeholders to align technical solutions with business objectives.

Monitor app performance and implement enhancements to improve security and scalability.

Applocum International Pvt Ltd

Ahmedabad, Gujarat, India

Senior iOS Developer | Tech Lead

Nov 2019 – Mar 2023

Developed and maintained healthcare applications, integrating **video calls,**

appointment booking, and real-time chat.

Led a distributed team of developers, ensuring smooth collaboration across timezones.

Conducted regular **code reviews, mentored junior developers,** and improved

development workflows.

Managed app deployments and updates on **App Store**, ensuring compliance with Apple guidelines.

Agile Infoways Pvt. Ltd

Ahmedabad, Gujarat, India

iOS Developer

Jan 2016 – Nov 2019

Built and deployed multiple iOS applications across various industries (Health,

Business, Education, Social, Lifestyle).

Implemented **third-party SDKs, in-app purchases, and push notifications.**

Collaborated with cross-functional teams in an **agile environment**, contributing to product roadmaps.
